About Carlos Elementary School

Carlos Elementary School is a little school with a lot of heart! The staff is committed to providing a quality education for each student and is heavily supported by a very generous community. Carlos Elementary prides itself on its family-friendly, student-centered atmosphere that is always embracing best practice. From the playground to field trips, students encounter journeys that give them memories to last a lifetime. A new updated playground was installed in 2015. Carlos has a child care program before and/or after school and a five-day-a-week preschool program. Carlos Elementary received the School of Excellence Validation in 2015.

The school features up-to-date technology opportunities for students at all levels. Each student has a 1-to-1 Chromebook device and each classroom is equipped with an interactive TV. Special area teachers instruct in physical education, science, music, art and media/technology. Specialized programming is offered through Reading Intervention, Special Education, Leveled Literacy Intervention and classes for High Potential Learners.
